

## You do good. *You feel good!*

I am writing to remind all of the agents in our Prudential branch office of the wonderful opportunity we each have to make a difference in the communities throughout San Diego County – *and it's so easy!*

The Charitable Foundation gives Prudential California Realty agents, employees, and affiliates a tangible way to support **local** causes that benefit issues of health, education, community, and the environment. It's an effective way to join forces and give back to the communities where we work and live.

Agents donate a small amount, such as \$20, from each closed transaction or they choose to donate a percentage, like .05% -1%. A small donation of just \$20 at each closing would help fund impressive outreach throughout San Diego. Plus, The Charitable Foundation encourages you to bring your donation requests to benefit programs of particular interest to you or to your clients. Please note, we do not award grants to religious or political causes due to their sensitive nature, but here is a list of the causes we have supported:

## The Charitable Foundation

Agent Community Outreach of  
Prudential California Realty

### Few people are more closely connected to their communities than we are.

Perhaps that's why we care so deeply about making our communities better places to live. For years, the agents of Prudential California Realty have generously contributed their own money and time to regional foundations created to support local causes that matter. Now these regional Foundations have united as one.

#### How your support helps others

Our company's agents and employees have given over \$3.5 million in foundation grants to hundreds of local organizations focused on health, education, community, and the environment.

All grants are funded by personal contributions from Prudential California Realty agents. Many agents have chosen to automatically donate a portion of every transaction to the foundation.

A board of representatives from each region meets monthly to review funding applications and award grants.

The board also recruits and coordinates company volunteers for efforts large and small across the Southland.

#### How your support helps you

- Makes it easy to enjoy the reward of giving back
- Adds heart and humanity to your personal marketing messages
- Helps you connect with prospects via causes they care about
- Links you to new contacts in your company
- Gives you an appealing talking point at community events

**Turn your caring into action. Be a part of The Charitable Foundation.**

**We have the power to do even more. All we need is you.**

### YES! I want to help local people and communities by contributing to The Charitable Foundation.

Please use my donation to help fund grants awarded to local organizations that are nominated by our agents and chosen by the foundation board.
